Under Section 3, Article X of the 1987 Constitution, local autonomy means a more responsive and accountable local government structure instituted through a system of decentralization. - C. LGU Tuguegarao City exists and operates in its governmental and proprietary capacities thereby making the LGU Tuguegarao City an agent of and is therefore accountable to the State and its community. The participation of the sangguniang panlungsod is indispensable in the adoption and implementation of a *P4* arrangement.
- G. Under Section 22 (d) of the 1991 LGC, the LGU Tuguegarao City enjoys full autonomy in the exercise of its proprietary functions and shall exercise the powers expressly granted, those necessarily implied therefrom, as well as powers necessary, appropriate or incidental for its efficient and effective governance, those not otherwise prohibited by law and those which are essential to the promotion of the general welfare.
- H. Under Section 25 (b) of the 1991 LGC, the LGU Tuguegarao City may collaborate or cooperate with other local governments, national government agencies, government-owned and

- controlled corporations, government instrumentalities and government corporate entities for the implementation of local projects.
- I. Under the charter of LGU Tuguegarao City, Sections 16, 17, 19 and 129 of 1991 LGC and other statutes, LGU Tuguegarao City has been given the responsibility and mandate to exercise devolved and delegated powers.
  - J. The LGU Tuguegarao City, under Section 106 of 1991 LGC, is mandated to draw up and implement a comprehensive multi-sectoral development plan.
  - K. LGU *P4* shall be pursued by the LGU Tuguegarao City consistent with its infrastructure, development, investment, environmental and governance framework embodied in relevant policies, plans, ordinances and codes.
  - L. The LGU Tuguegarao City as a partner in a *P4* arrangement, may provide equity, subsidy or guarantee and use local funds; and the usage thereof for a *P4* project shall be considered for public use and purpose.

**Section 4. Rationale for LGU *P4*** – LGU *P4* shall be promoted to provide more and better affordable and timely services to the community. In pursuing *P4*, LGU Tuguegarao City shall be guided by the following reasons and drivers:

- A. LGU *P4* shall be undertaken in furtherance of LGU Tuguegarao City development and physical framework plan.
- B. LGU *P4* is an essential part of the overall infrastructure reform policy of the LGU Tuguegarao City by encouraging performance-based management of the delivery of public services applying commercial principles and incentives whenever possible, by introducing competition in and for the market, and by involving users and stakeholders in the decision-making process, infrastructure and regulatory reform shall be achieved.
- C. LGU *P4* should be adopted to address a pressing and urgent or critical public need. Under the principle of "Additionality," the increased economic benefits to consumer welfare of having needed public services and infrastructure accessible now because of the LGU *P4*, rather than having to wait until the LGU Tuguegarao City could provide the public services much later. LGU *P4* would also encourage the accelerated implementation of local projects.
- D. LGU *P4* can be adopted to avoid costs and public borrowing. By contracting with the private sector to undertake a new infrastructure project, scarce LGU Tuguegarao City capital budgets can be directed to other priority sectors such as social services, education and health care.
- E. LGU *P4* allow for technology transfer and improved efficiency and quality of service. These could be valuable contribution of the private sector in local governance.
- F. LGU *P4* should be feasible and affordable, demonstrating the need for the project, broad level project costs estimation and indicative commercial viability. The assessment of affordability shall be the cornerstone for all *P4* projects, both to the LGU Tuguegarao City and the general public.
- G. LGU *P4* Projects should be bankable. High participation costs, unreasonable risk transfer or lengthy and complex contract negotiations must be avoided. A cost recovery pricing policy attractive to the private sector must be in place; provided, that the same will not be disadvantageous to government and public interest.

- H. LGU *P4* Projects should provide value-for-money and good economic value as far as practicable, including allocation of risks to the party best able to control, manage, mitigate or insure these risks, and maximization of the benefits of private sector efficiency, expertise, flexibility and innovation.
- I. LGU *P4* Projects must provide economic and social benefits and should be evaluated on this basis rather than on purely financial considerations. The LGU Tuguegarao City remains responsible for services provided to the public, without necessarily being responsible for corresponding investment.
- J. LGU *P4* Projects must give consideration for empowerment of Filipino citizens as a strategy for economic growth and sustainability and must thus provide for the participation of local investors to the furthest extent practicable given the nature of the project. The LGU Tuguegarao City shall also ensure the hiring and employment of local labor in the *P4* venture.
- K. Procurement of LGU *P4* Projects must be competitive and must be undertaken through open competitive bidding. Competition must be legitimate, fair and honest. In the field of government contract law, competition requires, not only bidding upon a common standard, a common basis, upon the same thing, the same subject matter, the same undertaking, but also that it be legitimate, fair and honest; and not designed to injure or defraud the government. Where competitive bidding cannot be applied, a competitive process ensuring both transparency and economically efficient outcome must be employed.
- L. The regulation of the LGU *P4* shall be pursuant to the LGU *P4* contract and exercised by the appropriate regulatory authority. A duly executed and legal LGU *P4* Contract shall be respected and not impaired, and shall be binding on the successor administration pursuant to the provision on corporate succession. Procedures, activities and steps duly undertaken by the city mayor, *P4*-SC and the sangguniang panlungsod pursuant to this Ordinance shall be continued by the successor administration. Any amendment or revision to this Ordinance by the next administration shall not in any way prejudice vested and contractual rights of the LGU Tuguegarao City and the PSPs as to the substance of agreements signed, certifications issued, resolutions issued and procedures undertaken.
- M. To provide efficient public service, LGU Tuguegarao City must ensure, through stronger performance management and guidance, proper implementation of LGU *P4* contracts that will result in value for money, on-time delivery of quality services to the public, achievement of government policy goals, all within sustainable and integrated development.
